IMPORTANT! WHY DO YOU NEED A ROADMAP?

At **DIGITAL&**, we understand the unique challenges of marketing senior living facilities. Families and seniors seek trust, compassion, and clarity when choosing a community. Our proven digital and offline marketing strategies drive qualified leads, boost occupancy rates, and maximize ROI. This 12-month roadmap, starting with a comprehensive onboarding and strategy phase, outlines how we'll partner with your facility to achieve measurable results using our full suite of services.

WHY SENIOR LIVING FACILITIES NEED A STRATEGIC MARKETING ROADMAP

Targeted Audiences:

- Reach adult children (45-65) and seniors (65+) with tailored messaging.

Multi-Channel Approach:

- Combine digital (Google Ads, Facebook, email) and offline (direct mail, newspaper inserts) for maximum reach.

Let's dive into your year-long plan to fill beds and grow your community!

details on following page...

Trust-Building:

- Showcase your community's value through optimized websites, reviews, and professional collateral.

Measurable ROI:

- Track leads and conversions with custom analytics dashboards.

Phase 1: Foundation (Months 1-3)

Goal: Establish a robust digital and offline foundation to generate immediate leads.

Month 1: Onboarding & Discovery

Kickoff Meeting

- Conduct a kickoff meeting to ensure both teams are in alignment with the goals and objectives of the senior living facility

Discovery Phase

- Conduct stakeholder interviews to understand your facility's goals, target audience, and unique selling points.
- Audit current marketing assets (website, ads, collateral) for performance, branding, and gaps.
- Analyze competitors' digital and offline strategies to identify opportunities.
- Map customer journey for families and seniors, identifying key touchpoints.

Google Business Profile Audit

- Review your GBP profile for completeness, accuracy, and optimization opportunities.
- Collect baseline data on reviews and local SEO performance.

Analytics Audit & Setup

- Audit current analytics tracking
- Install Google Analytics, Google Tag Manager, and initial conversion tracking to establish performance benchmarks.

Alignment Meeting

- Present discovery findings to align on goals, budget, and timelines.

Key Deliverables: Discovery report, audits, analytics playbook, stakeholder alignment.

Phase 1: Foundation (Months 1-3)

Goal: Establish a robust digital and offline foundation to generate immediate leads.

Month 2: Strategy & Planning

Marketing Strategy Development

- Create a tailored multi-channel strategy (digital ads, email, offline) based on discovery insights.
- Define target audience segments (e.g., adult children, seniors, referral partners).
- Set KPIs for lead volume, cost-per-lead, and occupancy growth.

Collateral Creation

(Graphic Design, Brochure Creation)

- Design professional brochures showcasing your community's amenities, care levels, and lifestyle.
- Develop print and digital collateral (e.g., postcards, flyers) for direct mail and newspaper inserts.
- Create ad creative mockups for Google Ads, Bing Ads, and Facebook Ads.

Website Strategy

(Web Design, Web Development)

- Plan website optimizations (UX, SEO, CTAs) based on discovery audit.
- Design wireframes for high-converting landing pages and key sections (e.g., virtual tours, care levels).

Dashboard Creation

(Analytics, Custom Dashboards)

- Build custom weekly and monthly dashboards to track website traffic, lead sources, ad performance, and ROI.
- Set up automated reporting for real-time insights.

Email Marketing Framework

- Brainstorm email campaigns, including welcome series, and design concepts
- Set up email platform.

Key Deliverables: Multi-channel strategy, brochures, ad mockups, website wireframes, custom dashboards, email framework.

Phase 1: Foundation (Months 1-3)

Goal: Establish a robust digital and offline foundation to generate immediate leads.
